Research & Development

Our in-house R&D lab in Colombo develops every product under strict quality control. We partner with local universities to research herbal extracts and their dermatological effects.

Corporate Social Responsibility (CSR)

LustraDerm runs the 'Glow Naturally' program, offering skincare education and free products to women in underserved rural areas across Sri Lanka.

Frequently Asked Questions (FAQs)

- Are your products suitable for sensitive skin? - Yes, most of our products are hypoallergenic and tested for sensitive skin.
- Do you test on animals? - No, we are proudly cruelty-free.
- Where can I buy LustraDerm products? - Online via our website and in select pharmacies and beauty stores.
